CHARLIE NOZARES BOYLES

IT Student | Aspiring Full-Stack Developer

Santa Rosa, Laguna, Philippines

your.email@example.com | +63 XXX XXX XXXX

GitHub: github.com/yourusername | Portfolio: your-portfolio.com

PROFESSIONAL SUMMARY

Motivated Information Technology student with a strong interest in full-stack web development and software engineering. Experienced in developing academic projects using React, TypeScript, Laravel, PHP, Python, and relational databases. Eager to apply technical knowledge, improve problem-solving skills, and contribute to real-world software projects.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, HTML5, CSS3

Backend: PHP, Laravel, Python, Flask, REST APIs

Databases: MySQL, PostgreSQL, SQLite

Tools: Git, GitHub, VS Code, Postman, Figma

Other: Responsive Web Design, API Integration, Debugging

PROJECTS

IslaSafe — Emergency Monitoring System

React · TypeScript · Laravel · MySQL · MapLibre

- Designed an emergency monitoring concept with SOS reporting and incident tracking.
- Worked on interactive mapping, dashboard interfaces, and emergency alert workflows.
- Focused on responsive design and integration between frontend and backend.

GitHub: github.com/yourusername/islasafe

Student Pass Prediction System

Python · Scikit-learn · Flask · Streamlit

- Developed a machine learning application to predict student performance.
- Implemented model persistence using Joblib and a Flask prediction API.
- Created an interactive Streamlit interface for user input and prediction results.

GitHub: github.com/yourusername/student-pass-project

Developer Portfolio

React · TypeScript · CSS

- Built a personal portfolio to showcase projects, technical skills, and development work.
- Implemented responsive layouts and light/dark theme switching.

EDUCATION

Bachelor of Science in Information Technology

Technological institution / College name

Expected Graduation: 20XX

Relevant Coursework: Web Development, Database Management, Software Engineering, Machine Learning

ADDITIONAL INFORMATION

- Interested in full-stack development and software engineering.
- Familiar with version control and collaborative development workflows.
- Willing to learn new technologies and work on challenging projects.
